**Plant Spacing:** 6-10"

**Attracts:** Bees, butterflies, and pollinators

**Bloom Time:** Spring -Fall

**Growth Habit:** Spreading

*Royal Sweet Carpet Alyssum is a very easy annual to grow. It adds color and fragrance to the front of flowerbeds, along walkways, and in rock gardens. It also is a great addition to patio containers and window boxes. When it blooms, the masses of purple flowers can cover most of the foliage. Once you have blooms, gently dust your hand over the top to loosen and scatter the seeds. You and your pollinators will enjoy Alyssum all season long!*
