

Pollinator Flower Power Garden Kit - 21 Pack (1 of 2)

Qty (3) Lantana Confetti

Life Cycle: Annual

Light Preference: Full Sun

Plant Height: 2-3'

Plant Spacing: 6-8'

Attracts: Bees, Butterflies, Hummingbirds, Pollinators

Bloom Time: Spring through Fall

Growth Habit: Mound

Lantana Confetti has a burst of colorful yellow, pink, and purple blossoms. The flowers are sure to attract butterflies into the garden while blooming from spring to fall! Lantana can be grown in pots, in patio gardens, or as a border in a flower garden. Once the plant is established, it is best to trim back dead blossoms to encourage new growth.

Qty (3) Ageratum Bumble Rose

Life Cycle: Annual

Light Preference: Full Sun/ Part Sun

Plant Height: 8-12"

Plant Spacing: 12-14"

Attracts: Bees, Butterflies, Hummingbirds, Pollinators

Bloom Time: Spring through Summer

Growth Habit: Mounding

Ageratum brings long-lasting color and definition to flower pots and garden beds all season long. The blossoms form masses of fluffy, soft color and texture throughout the season. They are vigorous and heat tolerant.

Qty (3) Petite French Marigold

Life Cycle: Annual

Light Preference: Full sun

Plant Height: 9"

Plant Spacing: 12"

Attracts: Bees, Butterflies, Hummingbirds, Pollinators

Bloom Time: Summer through Fall

Growth Habit: Clumping

The French Marigold Mix is a sun-loving, easy-to-grow mix of double flowers in bright colors. They are great in window boxes, hanging baskets, mass flower bed displays, and as companion plants in a vegetable garden. This variety of French Marigold has a profusion of 'crested' type flowers. The colors range from yellows to reds. To increase flower production throughout the season, regular deadheading is encouraged.

Pollinator Flower Power Garden Kit - 21 Pack (2 of 2)

Qty (3) Zinnia Lilliput Mix

Life Cycle: Annual

Light Preference: Full Sun

Plant Height: 18-24"

Plant Spacing: 9-12"

Attracts: Bees, Butterflies, Hummingbirds, Pollinators

Bloom Time: Summer

Growth Habit: Upright

Lilliput Mix is a complete color range of small, brightly colored 1½-2" pompom-type blooms with long stems. The flower colors are crimson, rose, pink, yellow, lavender, and white. They add interest and texture to your garden or flower arrangements. The zinnias are bushy and branch 18-24 inches high with small double blossoms 1-1/2 to 2 inches across.

Qty (3) New York Ironweed

Life Cycle: Perennial for zones 5-9

Light Preference: Full Sun

Plant Height: 4-6'

Plant Spacing: 36-48"

Attracts: Birds and Butterflies

Bloom Time: Late July to September

Growth Habit: Tall, Clump-Forming

This native has aggressive growth which provides cover and seeds for food for many bird species. It is one of the most reliable plants for attracting butterflies and pollinators. The blooms produce significant amounts of nectar. New York Ironweed has a beautiful and rich flower color. It is best suited for the back of a garden border or tight spaces. It is native to the eastern United States.

Qty (3) Alyssum Clear Crystals Lavender Shades

Life Cycle: Annual

Light Preference: Sun

Plant Height: 6-10"

Plant Spacing: 6-10"

Attracts: Bees, Flower Flies, Stingless Wasps, Butterflies

Bloom Time: Early Spring, Summer, Fall

Growth Habit: Mounded

Clear Crystal Lavender Shades Sweet Alyssum has clusters of fragrant lavender flowers with white overtones and purple eyes at the ends of the stems. They can be used as ground covers, in rock gardens, and in container planters.

Qty (3) Calendula Cheers Tangerine

Life Cycle: Annual

Light Preference: Full Sun

Plant Height: 10-14"

Plant Spacing: 13-16"

Attracts: Butterflies, Bees, Hoverflies, Pollinators

Bloom Time: Early summer to Fall

Growth Habit: Compact Mound

Calendula Cheers Tangerine is a low-maintenance annual that will add a splash of color to any container, cut flower garden, or landscape border. It has large flowers and a long blooming season.
